Thank you to everyone who tried out. This was a very hard decision to make. The process of evaluating players for a team that will play together for the next two months is challenging. Your hard work and interest is appreciated. It is important as a young soccer player to understand that this tryout was only one of many opportunities that you will have to play soccer. Keep working hard and challenging yourself to continue to learn and grow as a young soccer athlete.

If you did not make the team, I would love to have a couple of team managers. Please fill out the Team manager form and turn it in to me.
